

May 7, 2010

To Whom It May Concern;

I have had the pleasure of working with Urban Environmental on several asbestos abatement projects. During this time, I have been impressed with Urban Environmental's ability to:

- a. Provide quality workmanship
- b. Deliver prompt service
- c. Pay attention to details
- d. Complete projects on time

If the need should arise, I would definitely hire Urban Environmental again.

Sincerely,

A handwritten signature in black ink, appearing to read "Scott Perry".
